Review 1

★★★★☆

This blanket is very soft and snuggly, unlike other blanket we have which becomes furry after several washes this one maintains its very fine texture. I also like that it is very light, and is cool on the skin, great for this time of year. Both sides of the blanket have floral designs, huge flowers on the other side and tiny ones on the other with pastel pink background. It is about 40 inches length by 30 inches width.

Recommend: Yes
